

Bikesmith Maintenance Clinics are here!

BIKESMITH.CO
.nz

We are pleased to announce the long awaited return of our maintenance clinics.

Get your bikes running optimally all year round with our personalised tuition. You will receive the best advice on how to tune and maintain your own bike by our mechanics who have over 25 years combined experience! These will be commencing from Tuesday the 3rd of June and we are planning on running them every Tuesday evening for four weeks depending on numbers.

Our groups will be small with six to eight people per evening, we encourage you to bring your own bike so we can make sure you get the most out of the course. Tools and parts will be offered at 15% off on the night. Complimentary servicing tools will be included along with some drinks and nibbles.

There are two different clinics available; we will have a 'On the trail/road basic' course as well as a more advanced, more in depth 'Home maintenance' course. We will have a brief overview presentation at the beginning of each course to run through the evenings schedule.

Course one will run for around **30 - 40 minutes** and will cost **\$40**.

Course two will run for between **90 and 120 minutes** and will cost **\$100**

Opening Presentation

Clinic 1, On the trail/road:
